6 The college board shall have general supervision and control over
7 the state system of community and technical colleges. In addition to
8 the other powers and duties imposed upon the college board by this
9 chapter, the college board shall be charged with the following powers,
10 duties and responsibilities:

11 (1) Review the budgets prepared by the boards of trustees, prepare

15 (2) Establish guidelines for the disbursement of funds; and receive

1 (3) Ensure, through the full use of its authority:

2 (a) That each college district, in coordination with colleges,

6 excellence in academic transfer courses; realistic and practical
7 courses in occupational education, both graded and ungraded; and
8 community services of an educational, cultural, and recreational
9 nature; and adult education, including basic skills and general,
10 family, and workforce literacy programs and services;

11 (b) That each college district shall maintain an open-door policy,
12 to the end that no student will be denied admission because of the
13 location of the student's residence or because of the student's
14 educational background or ability; that, insofar as is practical in the
15 judgment of the college board, curriculum offerings will be provided to
16 meet the educational and training needs of the community generally and

19 equally as members of the student body: PROVIDED, That the
20 administrative officers of a community or technical college may deny
